**Sep 07, 2023 To Sep 06, 2024**

**AUDIT TYPE:**

Announced Audit

**AUDIT EXECUTIVE SUMMARY:**

Pier C Ranch is located in the Leamington rural area near Point Pelee. Beets, Carrots, Onions, and parsnips are grown on 372 acres, where parsnips and beets represent only 8% and are sold in the Canadian Market. Carrots and Onions are sold in the USA and Canadian markets. The products are seasonal from July to October approximately. The total number of employees working at the farm is eight (8) where 5 of them working at the transfer station where products are sent to Leamington (Onions) or Chatham (Carrots, beets) facilities for further processing. All products are grown on the same land and are well-identified by crops and field numbers. One field of 52 acres beside other Pier C crops has been bought this year but is not in use this year. Neighbors are also growers (Onions and Soybeans). Canal Water is used for irrigation and municipal water is for mixing/fertilizers and pesticides. Mechanical harvest activities in Field 5 were ongoing during the audit time.

**Addendum(s) included in the audit:**

Not Applicable

Product information for each product			
Product Group/Product Name	Observed Product	Seasonality	Country of destination for product
Carrots	Observed on the day of audit	From: July To: October	United States, Canada
