Aug 27, 2024 To Aug 26, 2025

AUDIT TYPE:

Announced Audit

AUDIT EXECUTIVE SUMMARY:

Pier C Ranch is located in the Leamington rural area near Point Pelee. Carrots, Onions, and Beets are grown on 423.05 acres, of which beets represent only 6% and are sold in the Canadian Market (Parsnips were not grown this year). Carrots and onions are also sold in the US and Canadian markets. The products are seasonal from July to October. The total number of employees working at the farm is nine (9), with five of them working at the transfer station where Onions are sent to the Leamington facility for packing and Carrots and Beets to the Chatham facility for washing and packing. All products are grown on the same land and are well-identified by crop and field numbers. The neighbours are growers of soy and Onions. Canal water feed from Lake Erie is used for crop irrigation, and municipal water is used for mixing Fertilizers and pesticides. Mechanical harvest activities were performed in Field 2A (Carrots) during the audit.

Addendum(s)/Module(s) included in the audit:

Not Applicable

Product information for each product			
Product Group/Product Name	Observed Product	Seasonality	Country of destination for product
Carrots	Observed on the day of audit	From: July To: October	Canada
